Earnest deposit of unsuccessful tenderers will be returned as soon as possible after the tenders are disposed of.

2. The work should be executed as per departmental specifications and in a perfect manner under the instructions of the Range Officer or the Sub-Division Officer or the District Forest Officer, as the case may be.

3. Rates should be furnished for each item of work but the tender should be for the whole work. It will be open to the Department, however, to make other arrangements for speedy execution of work in the event of tendered contractor's failure to execute the work satisfactorily. Losses sustained thereby will be recovered from the contractor.

4. The final acceptance of any tender will rest with the District Forest Officer, who does not bind himself to accept the lowest or any tender or to assign any reason therefor.

5. Within eight days of the intimation of the acceptance of tender, the successful tenderer will be required to execute the usual contract bond on 12 annas Mysore Government Stamp Paper, in default of which his tender will be cancelled and the earnest deposit forfeited.

6. In cases of any dispute, the decision of the District Forest Officer will be final and legally binding.

M. A. MUTHANNA,
District Forest Officer.

ENGINEERING DEPARTMENT.

BUREAU OF SANITARY ENGINEERING, BANGALORE.

Notification dated 2nd September 1938.

Notice is hereby given that sealed tenders will be received at the office of the Engineer, Bureau of Sanitary Engineering, Bangalore, upto 1 P.M. on 26th September providing sanitary fittings with Laboratory and gas connections of anatomy block of Medical College, Mysore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of October 1938.

2. The plans, detailed estimate and conditions may be seen at the Sanitary Engineer's office between the hours of 11 A.M. and 5 P.M. on all office days.

3. Tenders should be submitted on printed forms which may be obtained from the Sanitary Engineer. The tenders should be accompanied by a statement in the form given by which the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash (no cheque will be accepted) as earnest money, and be superscribed "Tender for providing sanitary fittings, Laboratory and gas connections of anatomy block of Medical College, Mysore," failing which the tenders will be rejected. The successful tenderer has to deposit a further Rs. 100 within 3 days of receipt of information.

5. The final acceptance of the tender will rest with the Sanitary Engineer who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Sanitary Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately but should be borne by the contractor.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the department or those fixed by the Sanitary Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Director of Public Health will be final and legally binding.

Estimate of the approximate quantities for the work of providing Sanitary fittings with Lavatory and Gas connection of Anatomy Block, Medical College, Mysore.

Sl. No.	Particulars	Unit	Quantity
	Labour Charges.		
1	Providing and fixing angle Iron Stands, with revetted Cross support, about 3' high to suit sink No. 649	Each	4
2	Do do do for No. 636, half round sink	,,	1
3	Fixing sinks waste union, water closet and lavatories complete set	,,	7
4	Fixing Accessories	,,	2
5	Fixing gas taps and laboratory taps, with special reducers, including bore-hole, in table, with special lead clamps, etc., complete	,,	17
6	Providing and fixing 2"×1½" lead pipe, including bending and making wiped solder joints	,,	6
7	Do ¾"×½" do do	,,	3
8	Providing and laying and jointing 1" black gas pipe with all kinds of fittings and clamps including wall bore, etc., complete	R.ft.	250
9	Providing gas connection with ½" pipes and fittings, and clamps from main, including boring holes in tables, etc., complete	Each	12
10	Providing and fixing 1" gate valve including constructing cistern and cost of road box	Each	1
11	Do do ½" wheel valve or gate valve in the rim of table	,,	12
12	Providing and fixing ½" N. P. stop cocks	,,	2
13	Do do S. D. Bib Cocks	,,	1
14	Providing and laying and jointing 1" galvanised pipe, with fittings, wall and terrace bore, wall grooving and redoing, etc., including scaffolding	R.ft.	280
15	Providing and fixing 1" G.M. Gland cock and constructing cistern with road box	Each	1
16	Do do ½" wheel valve or gland cock	,,	5
17	Removing and relaying with extra fittings 1½" pipe line	,,	2
18	Grooving in floor and making cement concrete drains and cement plastering for taking gas and water pipes	R.ft.	270
19	Providing 4" S. W. channels, for waste line with cement concrete bed	,,	50
20	Providing and fixing W. I. sheets ⅛" thick over channels, and painting	,,	320
21	Painting fittings and connection pipes	Each	7
22	Providing 4" C. I. soil pipe with specials, laying, and jointing, including scaffolding	R.ft.	50

Sl. No.	Particulars	Unit	Quantity
32	Water connection with ¾" and ½" galvanised pipe with fittings, including grooving and redoing, etc., for table sinks and W. C. connections ..	Each	8
33	Constructing cistern in cement concrete and providing 6" grating ..	,,	2
34	Providing 4" S. W. pipes laying and jointing in cement mortar, earthwork excavation, including soft rock, refilling and tamping, etc., complete	R.ft.	95
35	Constructing Inspection Chamber 24"×18" complete and providing and fixing C. I. air tight cover and frame	Each	2
36	Providing and fixing 6"×4" S. W. gully trap with grating and constructing cistern in cement mortar	,,	4
37	Providing and fixing 12"×9" C. I. hinged lid and frame	,,	4
38	Man-hole bore and redoing	,,	2
39	Providing and fixing 4" S. W. bend with door	,,	1

N. KRISHNIENGAR,
Sanitary Engineer.

TUMKUR DIVISION.

Notification dated 29th August 1938.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 2 P.M. on 26th September 1938, for Constructing Primary Girls' School Building at Turuvekere. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1939.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur, between the hours of 11 A.M. and 5 P.M.

3. Tender should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by treasury chellan for Rs. 150 for having credited the earnest money to 17 (a) Public Works Deposits and be superscribed "Tender for Constructing a Primary Girls' School at Turuvekere," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per current schedule rates of the department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Quotations must be given in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotation quoted at so much percentage less or more than estimated rate will not be accepted.

Abstract estimate for constructing Primary Girls' School at Turuvekere.

No.	Items of work	Per	Quantity	Rate	Cost
				Rs. a. p.	Rs.
1	Earthwork excavation for foundation and filling in basement	C.yds	36	0 4 0	
2	Filling foundation with jelly concrete in lime mortar	C.ft.	243	0 3 6
